

To the FCC

I love my XM radio and find all of the programing including the traffic weather and the non commercial music channels and news stations entertaining.

I pay my \$9.95 a month and you have no right to tell me what I can and can not listen to. You have no right to dictate to me or any pay listener what type of programing XM radio should have or not have.

I urge the FCC to reject the Nab's petition 04-160

Thank You
Peter Strauss
